Revision #: 01

PSP DeScaler

For use in conjunction with **PSP Plus** to dissolve iron and manganese deposits caused by bacteria in boreholes, wells and filters in the water supply industry.

Directions For Use

- Just prior to use, mix together 1 Litre of **PSP Plus** with 20 Litres of **PSP DeScaler**.
- Make enough solution to make a 10% solution (1:9) with water in the well to be treated.
- Allow to react for 24 hours.
- Use mixed solution immediately and do not store for later use.
- Before using water, pump out treated solution and neutralize the pH with potassium hydroxide, sodium hydroxide, soda ash, sodium bicarbonate or lime.

PRECAUTIONARY STATEMENTS:

Store covered in a cool location.
Keep out of reach of children.
Harmful if swallowed.
Avoid contamination of food.
Corrosive to skin and eyes.
Keep away and do not mix with chlorine or chlorine based products. Harmful chlorine gas may be produced.
