Revision #: 01

# PSP Plus

For use in conjunction with **PSP DeScaler** to dissolve iron and manganese deposits caused by bacteria in boreholes, wells and filters in the water supply industry.

### Directions For Use

- Just prior to use, mix together 1 Litre of **PSP Plus** with 20 Litres of **PSP DeScaler**.
- Make enough solution to make a 10% solution (1:9) with water in the well to be treated.
- Allow to react for 24 hours.
- Use mixed solution immediately and do not store for later use.
- Before using water, pump out treated solution and neutralize the pH with potassium hydroxide, sodium hydroxide, soda ash, sodium bicarbonate or lime.

### PRECAUTIONARY STATEMENTS:

Store covered in a cool location.  
Keep out of reach of children.  
Harmful if swallowed.  
Avoid contamination of food.  
Corrosive to skin and eyes.

For further information please read the application instructions.

Ingredients: water, inhibited hydrogen peroxide.

HYDROGEN PEROXIDE,  
AQUEOUS SOLUTION with not less  
than 8 per cent but less than 20 per  
cent hydrogen peroxide Class 5.1,  
UN2984, III

**PACKAGED:  
JUNE 14, 2010**

**For Industrial and Institutional use only.**

1 Litre

4 Litres
